Kind words from one of our fabulous brides...

“Carol captured our day perfectly and what joy it gave us watching it back.

I would thoroughly recommend Cut Above Productions to record your wedding and would suggest you do this for any event that is special to you be it wedding, parties reunions as it is completely different to having photos of your special event. It was so magical to see all our guests enjoy our day as much as we did. She really did capture the emotion which was at the forefront of our day as well as the fun our bridal party brought to our day.

I could not ask for anything better and feel so lucky that I have this recording to watch back on and remember. The edit includes everything we had hoped for.

Thanks again Carol, you blended in so well and not once did we feel you ever requested us to do anything which is just skill-full when we saw what you captured for us, just so natural.

Carol also works so well with our photographer (Barry Page) who were a great team and really you would be better of hiring both as a pair as they made me and my husband laugh and put both of us at ease. You were both great at making us laugh too. You will feel very pleased after your wedding if you've booked Cut Above Productions as you know you've got a beautiful film filled with memories on the way in the post for you!!!” Xxx *Pippa & Warren*
